2. Notice of the lifting of suspension of liquidation of entries of subject merchandise covered by paragraph 1 occurred with the publication of the notice of rescission in part of administrative review (82 FR 26055, 06/06/2017). Unless instructed otherwise, for all other shipments of aluminum extrusions from the People's Republic of China you shall continue to collect cash deposits of estimated antidumping duties for the merchandise at the current rates.

3a. The injunction with court number 14-00199 discussed in message number 4252307, dated 09/09/2014, is applicable to entries exported by Kromet International Inc., Dongguan Golden Tiger Hardware Industrial Co., Ltd., Guangdong Whirlpool Electrical Appliances, Co., Ltd., Hanyung Alcobis Co., Ltd., Henan New Kelong Electrical Appliances, Co., Ltd., or Shanghai Tongtai Precise Aluminum Alloy Manufacturing Co., Ltd. and imported by Whirlpool Corporation on or after 09/07/2010, and that remain unliquidated as of 08/29/2014. Accordingly, until further notice, continue to suspend liquidation of such entries until liquidation instructions are issued.

3b. The injunction with court number 14-00106 discussed in message number 4358305, dated 12/24/2014, is applicable to entries of curtain wall units that are produced and imported pursuant

to a contract to supply a curtain wall (as identified in the administrative scope proceeding ruling for the antidumping duty order on aluminum extrusions from the People's Republic of China (A-570-967), entitled "Final Scope Ruling on Curtain Wall Units that are Produced and Imported Pursuant to a Contract to Supply a Curtain Wall," dated 03/27/2014) that were imported by Jangho Curtain Wall Americas Co., Ltd. and were entered or withdrawn from warehouse, for consumption on or after 09/07/2010, and that remain unliquidated as of 12/23/2014. Accordingly, until further notice, continue to suspend liquidation of such entries until liquidation instructions are issued.

3c. The injunction with court number 14-00106 discussed in message number 4363303, dated 12/29/2014, is applicable to entries of curtain wall units that are produced and imported pursuant to a contract to supply a curtain wall (as identified in the administrative scope proceeding ruling for the antidumping duty order on aluminum extrusions from the People's Republic of China (A-570-967), entitled "Final Scope Ruling on Curtain Wall Units that are Produced and Imported Pursuant to a Contract to Supply a Curtain Wall," dated 03/27/2014) that were produced and/or exported by Permasteelisa South China Factory and Permasteelisa Hong Kong Limited, were imported by Permasteelisa North America Corp., and were entered or withdrawn from warehouse, for consumption on or after 01/01/2012, and that remain unliquidated as of 12/23/2014. Accordingly, until further notice, continue to suspend liquidation of such entries until liquidation instructions are issued.

3d. The injunction with court number 16-00128 discussed in message number 6214302, dated 08/01/2016, is applicable to any unliquidated entries of certain fittings and related products for engine cooling systems (i.e., certain fittings for oil coolers, certain fittings for condensers, certain fittings for radiators, a plug for an oil cooler, a mounting pin for an oil cooler, and a fastener for an oil cooler) identified in the administrative scope proceeding of the antidumping and countervailing duty orders on aluminum extrusions from the People's Republic of China (case numbers A-570-967 and C-570-968), entitled "Final Scope Ruling on Adams Thermal Systems' Certain Fittings and Related Products for Engine Cooling Systems," dated July 11, 2016 that: 1. Were imported from the People's Republic of China to the United States by Adams Thermal Systems, Inc.; 2. Were entered or withdrawn from warehouse, for consumption, on or after September 7, 2010; and 3. That remain unliquidated as of Noon EDT on 07/28/2016. Accordingly, until further notice, continue to suspend liquidation of such entries until liquidation instructions are issued.

4a. On 11/14/2016, Commerce published in the Federal Register its affirmative preliminary determination of circumvention of the antidumping duty order on aluminum extrusions from the People's Republic of China (81 FR 79444). This anti-circumvention inquiry covers extruded aluminum products that meet the chemical specifications for 5050 grade aluminum alloy and are heat-treated, regardless of producer, exporter, or importer, from the People's Republic of China.

Therefore, in accordance with message number 6323303, dated 11/18/2016, until further notice, for imports of aluminum extrusions from the People's Republic of China meeting this description, entered, or withdrawn from warehouse, for consumption on or after 03/14/2016, continue to suspend liquidation of such shipments until liquidation instructions are issued.

4b. On 03/14/2016, Commerce issued a preliminary scope determination that the aluminum extrusion products made from ACS-50 aluminum alloy material which Kota International, LTD (Kota) imports are not within the scope of the antidumping duty order on aluminum extrusions from the People's Republic of China (PRC) (A-570-967). Commerce preliminarily determined that Kota's ACS-50 series products, aluminum extrusions made from 5050 aluminum alloy material composed of 1.4 percent magnesium by weight, are outside the scope of the order because they satisfy the scope exclusion for Aluminum Association series designation commencing with the number 5 and containing in excess of 1.0 percent magnesium by weight. See message number 6343304, dated 12/08/2016. However, Kota's ACS-50 series products fit the description of products subject to the preliminary affirmative determination of circumvention referenced in message number 6323303, dated 11/18/2016. Therefore, in accordance with message number 6323303, dated 11/18/2016, until further notice, for entries of Kota's ACS-50 series products that were entered, or withdrawn from warehouse, for consumption on or after 03/14/2016, continue to suspend liquidation of such entries until liquidation instructions are issued.

4c. On 03/14/2016, Commerce issued a preliminary scope determination that the aluminum extrusion products made from 5050 aluminum alloy material which Trending Imports LLC (Trending) imports are not within the scope of the antidumping duty order on aluminum extrusions from the People's Republic of China (A-570-967). Commerce preliminarily determined that Trending's 5050 series products, aluminum extrusions made from 5050 aluminum alloy material imported into the United States for sale to U.S. customers who manufacture various styles of aluminum fences, gates and railings, are outside the scope of the order because they satisfy the scope exclusion for Aluminum Association series designation commencing with the number 5 and containing in excess of 1.0 percent magnesium by weight. See message number 6344301, dated 12/09/2016. However, Trending's 5050 series products fit the description of products subject to the preliminary affirmative determination of circumvention referenced in message number 6323303, dated 11/18/2016. Therefore, in accordance with message number 6323303, dated 11/18/2016, until further notice, for entries of Trending's 5050 series products that were entered, or withdrawn from warehouse, for consumption on or after 03/14/2016, continue to suspend liquidation of such entries until liquidation instructions are issued.

5. The assessment of antidumping duties by CBP on shipments or entries of this merchandise is subject to the provisions of section 778 of the Tariff Act of 1930, as amended. Section 778

requires that CBP pay interest on overpayments or assess interest on underpayments of the required amounts deposited as estimated antidumping duties. The interest provisions are not applicable to cash or bonds posted as estimated antidumping duties before the date of publication of the antidumping duty order. Interest shall be calculated from the date payment of estimated antidumping duties is required through the date of liquidation. The rate at which such interest is payable is the rate in effect under section 6621 of the Internal Revenue Code of 1954 for such period.

6. Upon assessment of antidumping duties, CBP shall require that the importer provide a reimbursement statement, as described in section 351.402(f)(2) of Commerce's regulations. The importer should provide the reimbursement statement prior to liquidation of the entry. If the importer certifies that it has an agreement with the producer, seller, or exporter, to be reimbursed antidumping and/or countervailing duties, CBP shall double the antidumping duty and/or increase the antidumping duty by the amount of the countervailing duties in accordance with the above-referenced regulation. Additionally, if the importer does not provide the reimbursement statement prior to liquidation, reimbursement shall be presumed and CBP shall double the antidumping duties due. If an importer timely files a protest challenging the presumption of reimbursement and doubling of duties, consistent with CBP's protest process, CBP may accept the reimbursement statement filed with the protest to rebut the presumption of reimbursement.

7. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984.
